## Sommario/riassunto

""[A]n excellent introductory text for the study of this subject  
Professionals already practicing in health care delivery, health services  
research, or health policy will find this a handy and up-to-date  
reference with encyclopedic breadth.... Both groups will find ample  
resources for continuing education and will likely return to this text for  
quick reference for years to come."" S. Ryan Greysen , MDJAMA. (From  
a review of the previous edition). ""This new edition brings order to the  
subject as well as a nuanced discussion of the systems complexities.  
The text is an important addition to a h
