Sommario/riassunto	Why have Taiwan, rich parts of China, and Thailand boomed famously, while the Philippines has long remained stagnant both economically and politically? Do booms abet democracy? Does the rise of middle "classes" promise future liberalization? Why has Philippine democracy brought no boom and barely served the Filipino people? This book, unlike most previous studies, shows that both the roots and results of growth are largely political rather than economic. Specifically, it pays attention to local, not just national, power networks that caused or

prevented growth in the four places under consider
