Sommario/riassunto	"Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the

authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's Italian Literature before 1900 in English Translation, also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature."--
