Sommario/riassunto	This book provides an overview and analysis of current tensions, debates and key issues within OECD nations, particularly Australia, the USA, Canada and the UK, with regard to where education is and should be going. Using a broad historical analysis, it investigates ideas and visions about the future that are increasingly evoked to support arguments about the imminent demise of the dominant modern educational model.Focusing neither on prediction nor prescription, this

text suggests the goal is an analysis of the ways in which the notion of  
the future circulates in contemporary discou
