Sommario/riassunto	In a companion title to the 9th edition of Environmental Health and Safety Audits, Lawrence Cahill draws from his 35 years' of experience in over 25 countries to address many issues related to environmental health and safety audits. This book provides updated text and puts forward thoughts and trends that were not or were only briefly addressed previously. The text can help the reader: Improve the management and execution of an audit program Make auditors more effective and versatile Understand the special demands of auditing internationally
