Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Title; EUL; Preface; List of Contributor; Chapter 01; Chapter 02; Chapter 03; Chapter 04; Chapter 05; Chapter 06; Chapter 07; Chapter 08; Chatper 09; Index
Sommario/riassunto	This is an exciting eBook series comprising a selection of updated review articles relevant to the recent development of pharmacological agents used for the treatment of allergies. The scope of the reviews includes clinical trials of anti-inflammatory and anti-allergic drugs, drug delivery strategies used to treat specific allergies (such as inflammation, asthma and dermatological allergies), lifestyle dependent modes of therapies and the immunological or metabolic mechanisms that are of interest to researchers as targets for new drugs.
