

1. Record Nr.	UNINA9910822552203321
Autore	Archampong E.Q
Titolo	Current Challenges with their Evolving Solutions in Surgical Practice in West Africa : A Reader
Pubbl/distr/stampa	Oxford, : Sub-Saharan Publishers, 2013
ISBN	9988-8602-8-5
Edizione	[1st ed.]
Descrizione fisica	1 online resource (240 p.)
Altri autori (Persone)	EssumanV.A
Disciplina	617.0071
Soggetti	Academic medical centers Surgery -- Africa, West Surgery -- Practice -- Africa, West Surgery -- Practice
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	Cover; Title page; Copyright page; Contents; List of Tables; List of Figures; Foreword; Preface; Contributors; Chapter 1 - Department of Surgery Profile; Core Functions; Future Directions; Chapter 2 - The World through the Child's Eyes - The Journey Towards Elimination of Childhood Blindness in Ghana - The Korle-Bu Experience; Introduction; History of WHO/Lions Club International/Government of Ghana Project for the Elimination of Childhood Blindness in Ghana; Goal and Objectives for the Project; A. Performance; I. Training; II. Infrastructure and Equipment at the CFEC; III. Service Delivery IV. Research and Advocacy Strengths, Weaknesses, Opportunities and Threats (SWOT) Analysis of the Project; Going Forward/ Future Plans; Conclusion; Appreciation/Acknowledgements; References; Chapter 3 - Current Global Developments in Breast Cancer and Management in Ghana; Introduction; General developments; Diagnosis of breast cancer; Pathology reports; Treatment; Conclusion; References; Chapter 4 - Benign and Premalignant Breast Disease; Introduction; Assessment; Clinical Assessment; Radiological Assessment; Specific Disorders; Premalignant Disorders; References Chapter 5 - Acute Appendicitis Introduction; Incidence; Aetiology of acute appendicitis; Clinical features; Investigations; Treatment; Complications; References; Chapter 6 - Peptic Ulcer Disease;

Introduction; Pathogenesis of Peptic Ulcer Disease; The Influence of H. Pylori; The NSAID Factor in Ulcerogenesis; Diagnosis; Management; The Maastricht Consensus on H. Pylori Eradication; Treatment in NSAID Induced Ulcers; Surgical Management of Peptic Ulcer Disease; Conclusion; References; Chapter 7 - Gastrointestinal Stromal Tumours (GIST); Epidemiology; Distribution of GISTs in the GIT; References Chapter 8 - Malignant Gastric Neoplasms Hope for the Future; Introduction; Adenocarcinomas of the stomach; Conclusion; References; Chapter 9 - Management of Upper Gastrointestinal Bleeding; Introduction; Epidemiology; Clinical Presentation; Initial Management; Patient Triage and Risk Stratification; High-Risk Patients; Medical Therapy of Bleeding from Peptic Ulcer Patients; Long-Term PPI Management; Bleeding Oesophageal and Gastric Varices; Endoscopic Treatment of Varices; Balloon Tamponade; Surgical Management; Central Porto-systemic Shunts; Less Common Causes of UGIB Long-Term Treatment for Post-Variceal Bleeding Conclusion; Acknowledgement; References; Chapter 10 - Cancer of the Colon and Rectum; Introduction; Incidence; Risk Factors; Presenting features; Pathology and Dukes Classification; Investigations; Treatment; Prognosis; Screening; References; Chapter 11 - Lower Gastrointestinal Bleeding; Introduction; Materials and Methods; Initial Management and Resuscitation; Diagnosis, Localisation, and Interventional Therapies; Surgical Intervention; Particular Entities Producing LGIB; Diverticular Disease; Haemorrhoids; Colorectal Cancer and Polyps Inflammatory Bowel Disease

Sommario/riassunto

Worldwide, there is a plethora of study materials in the form of authoritative review articles on disease entities afflicting the Western world but relatively few publications exploring similar problems confronting the developing countries, where resource limitation adds an extra dimension to the challenges facing the clinician. The contributions in this Reader address common surgical challenges and what measures have evolved to countenance these problems. This therefore addresses Current Surgical Practice, placing emphasis on the principles underlying the consensus opinions prevailing in
