Introduction
Does psychoanalysis heal? A contribution to the theory of psychoanalytic technique; Interpretation and relationship: ends or means? A commentary on Caper; Response to Colman; Reply to Caper; Index

Sommario/riassunto

How can controversy promote mutual respect in analytical psychology? Analytical psychology is a broad church, and influences areas such as literature, cultural studies, and religion. However, in common with psychoanalysis, there are many different schools of thought and practice which have resulted in divisions within the field. Controversies in Analytical Psychology picks up on these and explores many of the most hotly contested issues in and around analytical psychology. A group of leading international Jungian authors have contributed papers from contrasting perspectives on a
