Nota di bibliografia	Includes bibliographical references (p. [209]-214) and index.
Nota di contenuto	The varieties of terrorism -- Defining terrorism -- Terrorism and collective responsibility -- Terrorism-as-crime -- Terrorism, war and states of emergency -- Torture -- Bioterrorism and the dual-use dilemma.
Sommario/riassunto	Undoubtedly, the events of September 11, 2001 served as a wake-up call to the scourge of global terrorism facing twenty-first century societies. But was the attack on the World Trade Center a crime or an act of war? Is seemingly indiscriminate violence inflicted on civilians ever morally justified? And should society's response always be in kind--with blind, destructive violence? For that matter, are all civilians truly "innocent"? The answers are not always so simple. Terrorism and Counter-Terrorism: Ethics and Liberal Democracy provides sobering analyses of the nature of terrorism
