How to create beauty where there is suffering? = Comment creer de la beaute la ou il y a de la souffrance? / Sylvie Frigon -- Danse en milieu carceral : un art pour s'ecouter et se raconter / Elise Hardy -- Finding the keys: lives transformed through dance / Carly Annable-Coop -- Dancing at Sing Sing / Jacqui Young -- Spreading the seeds of change: Dandelion Dance / Hannah Beach and Kelsey Walsh -- Faire bouger le monde autrement / Christian Senechal -- Mouvements de soi / Claire Jenny -- A delicate dance: towards an embodied social-work practice / Amy Elizabeth Sheppard, with Natalie Beausoleil -- Afterword. Reflections on the significance of dance and its relationship to social justice struggles = Postface. Reflexions sur l'importance de la danse et sa relation a la justice sociale / Justin Piche.
Sommario/riassunto	"This book provides insight into unconventional programs that employ dance to inspire a different way of thinking and intervening. A newly emerging pluralistic view of the modes of intervention is challenging the limits of classical thinking. This work is therefore intended for stakeholders in various fields of intervention and research, education, and training, as well as for dancers, dance therapists, and art therapists who deal with issues of resilience and social justice in their practice. Dance offers a space-time that enables us to look at, study, and understand humanity. It exposes bodies, their wounds as well as their

strengths; dance is a means to reflect recover differently; thus, it opens a window onto new perspectives."--
