A feminist protagonist in a masculine political landscape: on influence and separate spheres; Notes; 7 Gender without Groups: Confession, Resistance and Selfhood in the Colonial Archive; Between groups and individuals - perils of distraction in southern Africa; Adaima's story - the complete document; Adaima's story - text, context and ephemeral knowledge; Conclusions; Notes; 8 The Power of Renewable Resources: Orlando's Tactical Engagement with the Law of Intestacy; Notes
9 The Politics of Gender Concepts in Genetics and Hormone Research in Germany, 1900-1940

Sommario/riassunto

Gender History Across Epistemologies offers broad range of innovative approaches to gender history. The essays reveal how historians of gender are crossing boundaries - disciplinary, methodological, and national - to explore new opportunities for viewing gender as a category of historical analysis. Essays present epistemological and theoretical debates central in gender history over the past two decades
Contributions within this volume to the work on gender history are approached from a wide range of disciplinary locations and approaches
