Sommario/riassunto	Anxiety In Mosaic is a sum up of a manis fears and hopes into a volume of poetry; anxieties that span a cross section of the human phenomena of greed (in ramifications) and the resultant socio-political, economic and environmental consequences; the repercussions of worsted governance, feminist, ecological, emigrational and imperialist concerns,

presented from the perspective of a philosophical questioning. The charm of these thoroughly vocal, finely-crafted poems not only lie in the quasi-compendious multiplicity of subject matter but also in their creative and innovative re-chartings.
