Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Title page; Preface; Contents; Position Papers; Content-Centered Services; Holistic Services; New Direction in Learning Services; Author Index
Sommario/riassunto	There is a paradigm shift in Informatics in general and in technologies enhancing human learning in particular. Divided into four parts, this book is dedicated to Position papers: visions about what to do and why to do it in the next years. It offers partial answers to ""how"" to do it and it is concerned with the directions in learning services.
