Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (pages 323-344) and index.
Sommario/riassunto	From the 1920s Afghanistan maintained a small air arm that depended heavily upon outside assistance. Starting in 2005, the United States led an air advisory campaign to rebuild the Afghan Air Force (AAF). In 2007 a formal joint/combined entity, led by a U.S. Air Force brigadier general, began air advisor work with Afghan airmen.
