Sommario/riassunto	Currently in its third edition, the NEC suite has become one of the UK's leading families of standard forms of contract for major construction

and civil engineering projects. Part of the NEC suite, the Professional Services Contract (PSC) was drafted with the same process-based approach and objectives, offering a standard contract for the appointment of consultants providing professional services in an engineering or construction project. Embodying best practice in terms of project management, the basic philosophy of the PSC differs from the principles and approach of other standard contracts
