Nota di bibliografia Includes bibliographical references and index. Nota di contenuto pt. 1. Concept -- pt. 2. Design -- pt. 3. Implementation. Sommario/riassunto Implementing Analytics demystifies the concept, technology and application of analytics and breaks its implementation down to repeatable and manageable steps, making it possible for widespread adoption across all functions of an organization. Implementing Analytics simplifies and helps democratize a very specialized discipline to foster business efficiency and innovation without investing in multimillion dollar technology and manpower. A technology agnostic methodology that breaks down complex tasks like model design and

tuning and emphasizes business decisions
