decade of human rights / Ramesh Thakur -- Environmental constitutional reform in the developing world : shifting the perspective of international law? / Bridget Lewis -- Legal, cultural and practical developments in responding to female genital mutilation : can an absolute human right emerge? / Ben Mathews -- The shift towards emerging economy financing of development projects : implications for human rights standards / Adam McBeth.

Sommario/riassunto

This book explores the impacts of global economic, political and cultural shifts on various international legal frameworks and legal norms. The economic growth of states throughout Asia, South and Central America and Africa is having a profound effect on the dynamics of international relations, with a resulting impact on the operation and development of international law. This book examines the influence of emerging economies on international legal rules, institutions and processes. It describes recent and predicted changes in economic, political and cultural powers, flowing from the growth of
