Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; Acknowledgments; 1 The Origins of African Biomedicine; 2 Dissecting Western Medicine; 3 Biomedicine's Civilizing Mission; 4 African Pluralistic Medicine and Its Biomedical Antecedents; 5 African Biomedicine; References; Index
Sommario/riassunto	Beginning with the colonial era, Western biomedicine has radically transformed African medical beliefs and practices. Conversely, in using Western biomedicine, Africans have also transformed it. The African Transformation of Western Medicine and the Dynamics of Global Cultural Exchange contends that contemporary African medical systems-no less "biomedical" than Western medicine-in fact greatly enrich and expand the notion of biomedicine, reframing it as a global cultural form deployed across global networks of cultural exchange.The book analyzes biomedicine as a complex and
