Sommario/riassunto

Learn to measure risk and develop a plan to protect employees and company interests by applying the advice and tools in Risk and Security Management: Protecting People and Sites Worldwide. In a world concerned with global terrorism, instability of emerging markets, and hazardous commercial operations, this book shines as a relevant and timely text with a plan you can easily apply to your organization. Find a series of strategic to granular level policies, systems, and concepts which identify and address risk, enabling business to occur in a manner which best protects you and your compan
