Weapons of Mass Deconstruction: Dixie Chicks and Green Day -- Epilogue: Music Is Power -- Acknowledgments -- Bibliography -- Index -- About the Author
Sommario/riassunto	Popular music has long been a powerful force for social change. Protest songs have served as anthems regarding war, racism, sexism, ecological destruction and so many other crucial issues. Music Is Power

takes us on a guided tour through the past 100 years of politically-conscious music, from Pete Seeger and Woody Guthrie to Green Day and NWA. Covering a wide variety of genres, including reggae, country, metal, psychedelia, rap, punk, folk and soul, Brad Schreiber demonstrates how musicians can take a variety of approaches— angry rallying cries, mournful elegies to the victims of injustice, or even humorous mockeries of authority—to fight for a fairer world. While shining a spotlight on Phil Ochs, Gil Scott-Heron, The Dead Kennedys and other seminal, politicized artists, he also gives readers a new appreciation of classic acts such as Lesley Gore, James Brown, and Black Sabbath, who overcame limitations in their industry to create politically potent music. *Music Is Power* tells fascinating stories about the origins and the impact of dozens of world-changing songs, while revealing political context and the personal challenges of legendary artists from Bob Dylan to Bob Marley.
