Sommario/riassunto	This inaugural Democracy Index for Botswana is intended to set a benchmark for democracy to be measured against. The tool, developed and honed by Idasa over many years, assesses the depth of democracy in a country through five focus areas: participation, elections, accountability, political rights, and human dignity. The research relies on expert analysis to answer a set of questions that interrogate how closely, in practice, democracy meets the broad ideal of self-representative government. More specifically, to what extent can citizens control elected officials and government appointees who
