

1. Record Nr.	UNINA9910823346803321
Autore	Dodge Martin <1971->
Titolo	Mapping cyberspace / / Martin Dodge and Rob Kitchin
Pubbl/distr/stampa	London ; ; New York, : Routledge, 2001
ISBN	1-134-63899-X 9786610105519 0-415-19883-6 1-134-63900-7 1-280-10551-8 0-203-16527-6
Edizione	[1st ed.]
Descrizione fisica	x, 260 p., 8 p. of plates : ill. (some col.), maps (some col.)
Altri autori (Persone)	KitchinRob
Disciplina	303.48/33
Soggetti	Computers and civilization Cyberspace - Social aspects Communication
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. [230]-255) and index.
Nota di contenuto	chapter 1 Introducing cyberspace -- chapter 2 Geographies of the information society -- chapter 3 Geographies of cyberspace -- chapter 4 Introducing the cartographies of cyberspace -- chapter 5 Mapping information and communication technologies -- chapter 6 Spatialising cyberspace -- chapter 7 Mapping asynchronous media -- chapter 8 Mapping synchronous social spaces -- chapter 9 Spatial cognition of cyberspace -- chapter 10 Imaginative mappings of cyberspace -- chapter 11 Future mappings of cyberspace.
Sommario/riassunto	Mapping Cyberspace is a ground-breaking geographic exploration and critical reading of cyberspace, and information and communication technologies. The book: * provides an understanding of what cyberspace looks like and the social interactions that occur there * explores the impacts of cyberspace, and information and communication technologies, on cultural, political and economic relations * charts the spatial forms of virtual spaces * details empirical research and examines a wide variety of maps and spatialisations of

cyberspace and the information society * has a related website at <http://www.MappingCyberspace.com>. This book will be a valuable addition to the growing body of literature on cyberspace and what it means for the future.
