| Sommario/riassunto | More than 50 million individuals will be forcibly displaced from their homes this year. Many will be resettled into other countries or cultures, including the United States. With specific regard to education, a growing sector of ELA instruction now caters to the unique needs of refugee and immigrant students. These "Newcomer" learners, as they are resettled into Westernized regions, require a tailored brand of education. The Newcomer Student is a field guide from the trenches. It is the product of one educational specialist's experiences, observations, and research in the Newcomer ELA field. I |
