Sommario/riassunto	Joy H. Calico examines the cultural history of postwar Europe through the lens of the performance and reception of Arnold Schoenberg's A Survivor from Warsaw—a short but powerful work, she argues, capable of irritating every exposed nerve in postwar Europe. Schoenberg, a Jewish composer whose oeuvre had been one of the Nazis' prime exemplars of entartete (degenerate) music, immigrated to the United States and became an American citizen. Both admired and reviled as a pioneer of dodecaphony, he wrote this twelve-tone piece about the Holocaust in three languages for an American audience. This book investigates the meanings attached to the work as it circulated through Europe during the early Cold War in a kind of symbolic musical remigration, focusing on six case studies: West Germany, Austria, Norway, East Germany, Poland, and Czechoslovakia. Each case is unique, informed by individual geopolitical concerns, but this analysis also reveals common themes in anxieties about musical modernism,

Holocaust memory and culpability, the coexistence of Jews and former Nazis, anti-Semitism, dislocation, and the presence of occupying forces on both sides of the Cold War divide.

Sommario/riassunto

Hugh Kearney's classic account of the history of the British Isles from pre-Roman times to the present is distinguished by its treatment of English history as part of a wider 'history of four nations'. Not only focusing on England, it attempts to deal with the histories of Wales, Ireland and Scotland in their own terms, whilst recognising that they too have political, religious and cultural divides. This new edition endeavours to recognise and examine contemporary multi-ethnic Britain and its implications for 'four-nations' history, making it an invaluable case study for European nationhood of the past and present. Thoroughly updated throughout to take into account recent social, political and cultural changes within Britain and examine the rise of multi-ethnic Britain, this revised edition also contains a completely new set of illustrations, including sixteen maps.
