

1. Record Nr.	UNINA9910823532303321
Titolo	Local government actions to prevent childhood obesity // Committee on Childhood Obesity Prevention Actions for Local Governments, Food and Nutrition Board ... [et al.] ; Lynn Parker, Annina Catherine Burns, and Eduardo Sanchez, editors
Pubbl/distr/stampa	Washington, DC, : National Academies Press, c2009
ISBN	1-282-55459-X 9786612554599 0-309-13928-7
Edizione	[1st ed.]
Descrizione fisica	1 online resource (139 p.)
Altri autori (Persone)	ParkerLynn BurnsAnnina Catherine SanchezEduardo (Eduardo J.)
Disciplina	618.92/398
Soggetti	Obesity in children - United States Nutrition disorders in children
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	""Front Matter""; ""Reviewers""; ""Preface""; ""Contents""; ""Summary""; ""1 Introduction""; ""2 Acting Locally""; ""3 Creating Equal Opportunities for Healthy Weight""; ""4 Actions for Healthy Eating""; ""5 Actions for Increasing Physical Activity""; ""Appendix A: Glossary""; ""Appendix B: Toolkits and Related Resources""; ""Appendix C: Methodology""; ""Appendix D: Assessing the Evidence for Childhood Obesity Prevention Action Steps""; ""Appendix E: Statement of Task""; ""Appendix F: Open Session""; ""Appendix G: Biographical Sketches""
Sommario/riassunto	"The prevalence of childhood obesity is so high in the United States that it may reduce the life expectancy of today's generation of children. While parents and other adult caregivers play a fundamental role in teaching children about healthy behaviors, even the most positive efforts can be undermined by local environments that are poorly suited to supporting healthy behaviors. For example, many communities lack ready sources of healthy food choices, such as supermarkets and grocery stores. Or they may not provide safe places for children to walk

or play. In such communities, even the most motivated child or adolescent may find it difficult to act in healthy ways. Local governments--with jurisdiction over many aspects of land use, food marketing, community planning, transportation, health and nutrition programs, and other community issues--are ideally positioned to promote behaviors that will help children and adolescents reach and maintain healthy weights. Local Government Actions to Prevent Childhood Obesity presents a number of recommendations that touch on the vital role of government actions on all levels--federal, state, and local--in childhood obesity prevention. The book offers healthy eating and physical activity strategies for local governments to consider, making it an excellent resource for mayors, managers, commissioners, council members, county board members, and administrators."--
