Sommario/riassunto

This outstanding reference guide and textbook provides a comprehensive review of both the French (after Nogier) and Chinese schools of acupuncture. The book offers a detailed description of the anatomy and morphology of the ear, acupoints on the ear and their localizations, as well as specific points for ear acupuncture. Dr. Rubach, with over twenty years experience as a practitioner and teacher, provides valuable information in an easy-to-read, helpful format. You will learn how to use ear acupuncture safely and effectively. Large-format, graphic images are used to clearly show the location o

Nota di contenuto	The crucible : Black Monday -- Time is central -- Trading is a numbers game -- Read the tape -- There's no crying in trading -- Riding the rail -- Worry about risks, the rewards will come -- Respect the news -- Getting down to brass tacks -- Preparation pays -- A study in contrast --Recap the essentials -- An afterthought for consideration : the doctrine of genius.
Sommario/riassunto	Take a proven approach to short-term trading. Winning the Day Trading Game offers an insider's view of the trading life and provides proven strategies for profitable trading. Professional trader Tom Busby explains how the strategies that made him so much money early on in his career ultimately failed during the 1987 stock market crash and then reveals how he reinvented himself as a high-percentage day trader. He interweaves personal experiences with technical explanations to outline the cornerstones of his technique. In highlighting his own trading experiences, Busby cle
