

1. Record Nr.	UNINA9910823842803321
Titolo	Wildlife and recreationists : coexistence through management and research // edited by Richard L. Knight and Kevin J. Gutzwiller
Pubbl/distr/stampa	Washington, D.C., : Island Press, c1995
ISBN	1-55963-258-5 1-55963-417-0 1-61091-120-2 1-59726-946-8 1-4175-3941-0
Edizione	[1st ed.]
Descrizione fisica	1 online resource (391 p.)
Altri autori (Persone)	KnightRichard L GutzwillerKevin J
Disciplina	333.78
Soggetti	Outdoor recreation - Environmental aspects Animal ecology Human-animal relationships Wildlife conservation - Social aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; Figures; Tables; Preface; Outdoor Recreation: Historical and Anticipated Trends; Human Dimensions of Wildlife Management: Basic Concepts; Human Dimensions of Wildlife Management: An Integrated Framework for Coexistence; Wildlife Responses to Recreationists; Factors That Influence Wildlife Responses to Recreationists; Origin of Wildlife Responses to Recreationists; Physiological Responses of Wildlife to Disturbance; Responses of Wildlife to Noise; Recreational Disturbance and Wildlife Populations; Recreational Disturbance and Wildlife Communities Indirect Effects of Recreation on WildlifeNature Tourism: Impacts and Management; Recreation and Bald Eagles in the Pacific Northwest; Hunting and Waterfowl; Balancing Wildlife Viewing with Wildlife Impacts: A Case Study; Hawk Mountain Sanctuary: A Case Study of Birder Visitation and Birding Economics; Beach Recreation and Nesting Birds; Waterborne Recreation and the Florida Manatee; Rattlesnake

Round-ups; Wildlife and Recreationists: Coexistence through Management; Taking the Land Ethic Outdoors: Its Implications for Recreation; List of Scientific Names; Index; Contributors

Sommario/riassunto

"Wildlife and Recreationists defines and clarifies the issues surrounding the conflict between outdoor recreation and the health and well-being of wildlife and ecosystems. Contributors to the volume consider both direct and indirect effects of wildlife-recreationist interactions, including: \*wildlife responses to disturbance, and the origins of these responses\*how specific recreational activities affect diverse types of wildlife\*the human dimensions of managing recreationists\*the economic importance of outdoor recreation\*how wildlife and recreationists might be able to coexistThe book is a useful synthesis of what is known concerning wildlife and recreation. More important, it addresses both research needs and management options to minimize conflicts."
