Harris Ali and Roger Keil -- Of scalar hierarchies and welfare redesign : child care in four Canadian cities / Rianne Mahon -- The spatiality of contentious politics : more than a politics of scale / Helga Leitner and Eric Sheppard -- Regional resistances in an exurban region : intersections of the politics of place

and the politics of scale / Gerda R. Wekerle, L. Anders Sandberg and Liette Gilbert -- Revolutionary cooks in the hungry ghetto : the Black Panther party's biopolitics of scale from below / Nik Heynen -- The empire, the movement, and the politics of scale : considering the World Social Forum / Janet Conway -- Conclusion / Rianne Mahon and Roger Keil.

Sommario/riassunto

Caught in the trap of the nation-state and frozen in postwar bloc logic, critical political economy has been found wanting when it comes to problematizing space and scale. Globalization and the rise of world cities and regions have shaken the discipline's foundations and fostered new interest in the concept of scale. *Leviathan Undone?* brings together leading theorists and scholars from a variety of disciplines to develop a new language to understand the spatial restructuring that has accompanied globalization. By treating scale as the core concept of our time, these innovative, groundbreaking essays bring a new sensibility to classical and contemporary concerns in Canadian and international political economy.
