Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Contents -- Introduction -- 1. Marriage, Family, Sexuality, and Gender Difference -- 2. Labor -- 3. National Modernity -- Afterthoughts -- Works Cited -- Index
Sommario/riassunto	This indispensable guide for students of both Chinese and women's history synthesizes recent research on women in twentieth-century China. Written by a leading historian of China, it surveys more than 650 scholarly works, discussing Chinese women in the context of marriage, family, sexuality, labor, and national modernity. In the process, Hershatte offers keen analytic insights and judgments about the works themselves and the evolution of related academic fields. The result is both a practical bibliographic tool and a thoughtful reflection on how we approach the past.
