Sommario/riassunto	Universities everywhere are witnessing growing numbers of students in cross-border, international, and transnational spaces. This trend has resulted in many educators revising their curricula, pedagogical approaches, and assumptions about what it means to provide a university education in the 21st century. This edited collection contributes to a growing body of research in international and transnational education by looking back and looking forward at globalisation's impact on higher education. The authors in this volume provide a solid base of theoretical knowledge and practical applications
