Sommario/riassunto	As the number of stranger-on-stranger crimes increases, solving these crimes becomes more challenging. Forensic illustration has become

increasingly important as a tool in identifying both perpetrators and victims. Now a leading forensic artist, who has taught this subject at law enforcement academies, schools, and universities internationally, offers readers the benefit of her extensive knowledge and experience. Forensic Art and Illustration is the first book to provide complete coverage of all aspects of the field, and includes much previously unavailable information. Beginning with t
