Pubbl/distr/stampa	Princeton, : Princeton University Press, c2008
ISBN	0-691-13442-1 1-283-00911-0 1-282-64498-X 9786613009111 9786612644986 1-4008-3415-5
Edizione	[Course Book]
Descrizione fisica	1 online resource (372 p.)
Disciplina	339.4/7
Soggetti	Households - Economic aspects Consumption (Economics) Informal sector (Economics)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [199]-236) and index.
Nota di contenuto	Frontmatter -- Contents -- Preface -- Chapter 1. How Households Differ from Families -- Chapter 2. Household Formation and Dissolution in a Liberal Society -- Chapter 3. The Predominant Strategy: Consorting with Intimates -- Chapter 4. A Historical Overview of Household Forms -- Chapter 5. Are the Household Forms that Endure Necessarily Best? -- Chapter 6. Choosing Which of a Household's Participants Should Serve as Its Owners -- Chapter 7. The Mixed Blessings of Joining with Others -- Chapter 8. Order without Law in an Ongoing Household -- Chapter 9. The Challenge of Unpacking the Household -- Appendix A: Data on Intentional Communities -- Appendix B: Data on Co-housing Communities -- Notes -- Works Cited -- Index
Sommario/riassunto	Some people dwell alone, many in family-based households, and an adventuresome few in communes. The Household is the first book to systematically lay bare the internal dynamics of these and other home arrangements. Legal underpinnings, social considerations, and

economic constraints all influence how household participants select their homemates and govern their interactions around the hearth. Robert Ellickson applies transaction cost economics, sociological theory, and legal analysis to explore issues such as the sharing of household output, the control of domestic misconduct, and the ownership of dwelling units. Drawing on a broad range of historical and statistical sources, Ellickson contrasts family-based households with the more complex arrangements in medieval English castles, Israeli kibbutzim, and contemporary cohousing communities. He shows that most individuals, when structuring their home relationships, pursue a strategy of consorting with intimates. This, he asserts, facilitates informal coordination and tends ultimately to enhance the quality of domestic interactions. He challenges utopian critics who seek to enlarge the scale of the household and legal advocates who urge household members to rely more on written contracts and lawsuits. Ellickson argues that these commentators fail to appreciate the great advantages in the home setting of informally associating with a handful of trusted intimates. *The Household* is a must-read for sociologists, economists, lawyers, and anyone interested in the fundamentals of domestic life.
