| Sommario/riassunto | This definitive sourcebook presents more than sixty authoritative new translations of key Islamic texts. Edited and translated by three leading specialists, Classical Islam features eight thematically-linked sections covering the Qur'an and its interpretation, the life of Muhammad, hadith, law, theology, mysticism and Islamic history. The new edition has been expanded to cover a fuller range of material illustrating the growth of Islamic thought from its seventh-century origins through to the end of the medieval period. It includes illustrations, a glossary, extensive bibliographies and a chronology. |
