Sommario/riassunto

"Sizing up and taking down the things we read, watch, and play, this all-star team of analysts provides a series of delights and surprises that will make you ponder anew the deep structures that inform our lives, even when we think we're off-duty."-Kyle Smith, movie critic, New York Post
Contemporary popular culture, from books to film to television to music to the deepest corners of the internet, has provoked a great deal of criticism, some of it well deserved. Yet for many Americans, and particularly for younger Americans, popular culture is cul
