Legitimate and Illegitimate Power: Practical Tests of the Normative Theory -- 4. Reason and Politics Reconsidered -- Conclusion: Locke and Liberal Theory -- Bibliography -- Index
Sommario/riassunto	In this work, Ruth W. Grant presents a new approach to John Locke's familiar works. Taking the unusual step of relating Locke's Two Treatises to his Essay Concerning Human Understanding, Grant establishes the unity and coherence of Locke's political arguments. She analyzes the Two Treatises as a systematic demonstration of liberal principles of right and power and grounds it in the epistemology set forth in the Essay.
