Nota di contenuto	The "advantage of latecomer" in abating air-pollution: the East Asian experience -- A paradigm of Islamic money and banking -- Are political principles stable? -- Cultural lag: a relevant framework for social justice -- Economics and religion.
Sommario/riassunto	During its period of high-speed economic growth, Japan suffered from "distortion of economic growth", as witnessed by various kinds of industrial pollution. This problem, however, was, for the most part, successfully remedied by means of abatement measures from the early 1970's onwards.
