	Sommario/riassunto	This volume shows the way to a proper understanding of the philosophical legacy of the great logician, mathematician, and philosopher Alfred Tarski (1902-1983). An international group of scholars examine the historical context of Tarski's work, his philosophical development, and his influence on philosophy of language and logic. - ;Tarski and Philosophy aims to show the way to a

proper understanding of the philosophical legacy of the great logician, mathematician, and philosopher Alfred Tarski (1902-1983). The contributors are an international group of scholars, some expert in the historical b
