Sommario/riassunto	This book makes the case for hospital-based psychiatry, comprehensively describing not only its structure but also the qualities and skills needed to succeed in this setting. The book leverages vignettes and the insights of its contributors to examine the effects of background and training on a hospitalist career, opportunities for teaching and supervising in a hospital setting, diagnostic and treatment

modalities, legal and ethical issues, and numerous other topics.

Sommario/riassunto	This title marks a major contribution to the emerging field of comic studies and the growing literature on superheroes. Using a range of critical theorists, the book examines superheroes as sovereigns, addressing amongst other things the complex treatment of law and

violence, legitimacy, and authority.
