Sommario/riassunto	How and why is Christianity's center of gravity shifting to the developing world? To understand this rapidly growing phenomenon, Donald E. Miller and Tetsunao Yamamori spent four years traveling the globe conducting extensive on-the-ground research in twenty different countries in Africa, Asia, Latin America, and Europe. The result is this vividly detailed book which provides the most comprehensive information available on Pentecostalism, the fastest-growing religion in the world. Rich with scenes from everyday life, the book dispel many stereotypes about this religion as they build a wide-ranging, nuanced

portrait of a major new social movement.
