Sommario/riassunto	It's best to work with the system, and right now - the system is war. 2003, civil war is raging in Liberia. At a rebel army base four young women are doing their best to survive the conditions of the war. Yet sometimes, the greatest threat comes not from the enemy's guns, but from the brutality of those on your own side. With the arrival of a new girl, who can read, and an old one, who can kill, how might this transform the future of this hard-bitten sisterhood?
