|                    | Chapter 7: Investment Survival in the Age of Defaults   |
| Sommario/riassunto | Acclaimed investment experts Peter Treadway and Michael Wong<br>explain how to protect your investments-and even profit-from the<br>coming sovereign default crises A major sovereign default crisis is<br>looming for the so-called developed economies of the world. The result<br>will be a major redistribution of economic wealth and an overhaul of<br>the international financial system on an epic scale. Investing in the Age<br>of Sovereign Defaults: How to Preserve your Wealth in the Coming<br>Crisis explains what lies ahead, and offers invaluable suggestions to<br>hole investors avoid massive losses  |
