

1. Record Nr.	UNINA9910824830103321
Autore	Jackson Hilary
Titolo	BSAVA Manual of Canine and Feline Dermatology
Pubbl/distr/stampa	Gloucester : , : British Small Animal Veterinary Association (BSAVA), , 2021 ©2021
ISBN	1-910443-81-6 9781910443811
Edizione	[4th ed.]
Descrizione fisica	1 online resource (306 pages)
Altri autori (Persone)	MarsellaRosanna
Disciplina	636.708965
Soggetti	Veterinary dermatology Cats Dogs
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Front cover -- Prelims -- Titles in BSAVA Manuals series -- Contents -- Contributors -- Foreword -- Preface -- Ch1 Structure and function of the skin -- Ch2 History, examination and initial evaluation -- Dermatological history form for a dog -- Dermatological history form for a cat -- Ch3 Core investigation and laboratory techniques -- Ch4 Cytology -- Ch5 Dermatopathology -- Ch6 An approach to pruritus -- Ch7 Ectoparasite infestation - clinical presentation -- Ch8 Ectoparasite infestation - treatment and prophylaxis -- Ch9 Atopic dermatitis and food-responsive dermatosis -- Ch10 Management of pruritus and atopic dermatitis -- Ch11 Allergy testing and allergen-specific immunotherapy - a practical approach -- Ch12 An approach to scaling -- Ch13 An approach to papules and pustules -- Ch14 An approach to erosions and ulcerations -- Ch15 An approach to nodules and draining sinus tracts -- Ch16 An approach to disorders of pigmentation -- Ch17 An approach to focal and multifocal alopecia -- Ch18 An approach to canine symmetrical alopecia and management -- Ch19 An approach to otitis -- Ch20 Management of otitis -- Ch21 An approach to superficial and deep pyoderma -- Ch22 Management of superficial and deep pyoderma -- Ch23 An approach to feline-specific conditions

-- Ch24 Management of feline-specific conditions -- Ch25 Dermatophytosis -- Ch26 Malassezia dermatitis -- Ch27 Topical treatments -- Ch28 Autoimmune and immune-mediated skin disease -- Ch29 Management of autoimmune and immune-mediated skin diseases -- Ch30 Subcutaneous, deep and systemic infections -- Ch31 Nutrients and the skin -- Ch32 Actinic (solar) dermatoses -- Ch33 Regional dermatoses -- Ch34 Neoplastic and paraneoplastic syndromes affecting the skin -- Index -- Back cover.

Sommario/riassunto

Skin and ear diseases represent common problems in general practice. As the response to treatment largely depends on the correct identification of the primary disease, a systematic step-by-step approach is critical. The purpose of the BSAVA Manual of Canine and Feline Dermatology is to be an easy-to-read resource focused on the clinically relevant aspects of dermatological diseases. In this new edition, the initial chapters review the basic structure and function of the skin and discuss a logical approach to history taking and the core investigative tests that can be performed. New to this edition is a separate chapter on skin cytology, which features many excellent images illustrating the cytology of common skin conditions that we hope will be useful to practitioners.
