Note generali	Based on: Water audits and loss control programs. 3rd edition c2009.
Nota di contenuto	30036_M36_Cover1ONLY_IW; 30036_M36_ed4
Sommario/riassunto	Just as water users have a responsibility to use water wisely, suppliers of water have a responsibility to manage valuable water resources with equal wisdom, understanding, and proficiency. This tenet-the accountable and efficient management of water supplies by utilities-is the central focus of the water audit methodology and water loss control programs described in this manual.
