Sommario/riassunto

Bringing together scholars, public intellectuals, and activists from across the field of education, the Handbook of Public Pedagogy explores and maps the terrain of this burgeoning field. For the first time in one comprehensive volume, readers will be able to learn about the history and scope of the concept and practices of public pedagogy. What is 'public pedagogy'? What theories, research, aims, and values inform it? What does it look like in practice? Offering a wide range of differing, even diverging, perspective
