Sommario/riassunto	God the Politician is a compelling analytical, critical, informed and largely eyewitness account of the major events that have taken place in Cameroon since the return of multiparty politics in the 1990's. The accession of Paul Biya to power under the one-party regime in 1982 and the attempt to overthrow him in a coup d'tat in 1984 are told in

flashback, so are the excesses of power without responsibility that have come to be associated with over 25 years of Biya as President. Most of the story is centred on the struggle by the opposition, led by the Social Democratic Front (SDF), to overthrow
