Sommario/riassunto	From sentimental stories about polio to the latest cherub in hospital commercials, sick children tug at the public's heartstrings. However sick children have not always had adequate medical care or protection. The essays in Children's Issues in Historical Perspective investigate the identification, prevention, and treatment of childhood diseases from the 1800's onwards, in areas ranging from French-colonial Vietnam to nineteenth-century northern British Columbia, from New Zealand fresh air camps to American health fairs. Themes include: the role of government and/or the
