Skeat on the Dating and Origin of Codex Vaticanus / J.K. Elliott -- Index of Biblical Citations / J.K. Elliott.

## Sommario/riassunto

A high proportion of the many articles published by the papyrologist T. C. Skeat (1907-2003), a former Keeper of Manuscripts at the British Museum, concerns the New Testament. This present collection gathers together papers on Biblical and related matters contributed by Skeat for over sixty years to various publications. The book divides these into three sections: ancient book production, studies on particular Biblical manuscripts and textual criticism. In his Introduction J.K. Elliott assesses the importance of Skeat's work and he incorporates from personal correspondence some of Skeat's later thinking on these topics. A full Bibliography of Skeat's writings is included.

2. Record Nr.	UNINA9910825263003321

## Sommario/riassunto

This book critically examines all the early and important Petrine pseudepigrapha to identify a distinctive Petrine theology which, it is believed, was later swamped by the tide of western orthodoxy. Despite the diversity of the books and tractates, ranging from Jewish-Christian writings to avowedly Gnostic works, a remarkably consistent Petrine tradition does emerge; and Peter is shown essentially to be neither the impetuous, undiscerning, and even vacillating figure portrayed in the Gospels and Acts, nor the magisterial and pontifical figure of later Church tradition, but a visionary who was
