Soggetti	Foreign trade and employment - United States Free trade - United States Unemployment - United States Public welfare - United States Business relocation - United States United States Economic policy 1993-2001
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Sommario/riassunto	Faith in the free market has become a basic tenet of public policy debate, but as this text demonstrates, so-called "free market" programmes have been a dismal failure, heightening inequality, lowering the median standard of living, and steadily eroding the quality of our social and political life.
