

1. Record Nr.	UNINA9910825385403321
Autore	Mills Julie E.
Titolo	Challenging knowledge, sex and power : gender, work and engineering // Julie E. Mills. [et al.]
Pubbl/distr/stampa	New York : , : Routledge, , 2013
ISBN	0-415-67686-X 1-135-01160-5 0-203-74713-5 1-135-01161-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (206 p.)
Collana	Routledge IAFFE advances in feminist economics ; ; 10
Disciplina	331.4/82
Soggetti	Women in engineering Women in science Sex discrimination in science
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Title Page; Copyright Page; Table of Contents; List of tables; Acknowledgements; Abbreviations; 1 Why so few women engineers?; 2 Collaborative research and analytic strategies; 3 Working as a woman engineer; 4 The politics of knowledge and ignorance in workplace cultures; 5 Women challenging engineering through associations and networks; 6 Campaigns to challenge gender and power in engineering; 7 Conclusions; Appendix A: questionnaire for the National Survey 2; Appendix B: interview schedule used for the Career Study Appendix C: questionnaire for the survey component of the Workplace Study Appendix D: interview schedule used for the Workplace Study; Appendix E: interview schedule used for the Campaign Study; References; Index
Sommario/riassunto	<P>Women in the developed world expect to work in the labour force over the course of their lives. On finishing school more girls are entering universities and undertaking professional training for careers than ever before. Males and females enter many high status professions in roughly equal numbers. However, engineering stands out as a profession that remains obstinately male dominated. Despite

efforts to change, little progress has been made in attracting and retaining women in engineering.

This book analyses the outcomes of a decade-long investigation into this phenomenon, fra
