Sommario/riassunto	This book makes an essential contribution to the developing and expanding scope of the field of applied linguistics through an understanding of applied linguistics as a meeting place. As Terrence G. Wiley of the Center for Applied Linguistics, Washington, DC, states in the Foreword, <i>Intersections: Applied Linguistics as a Meeting Place</i> "extends the boundaries of the field while providing spaces for mediating within it and between other disciplines." This book presents 16 papers by important.
